DETAILED ACTION

This is in response to the Amendment submitted November 4, 2003. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 21-27 are currently pending in this application.

Election/Restriction

1. Cancellation of non-elected claims 1-20 by Applicant has been noted. Applicant may re-file said claims in a divisional application.

Claim Objections

The Objection to claim 22 as set forth in the previous Office action has been withdrawn. Applicant did not respond to Examiner's objection of claim 22 and as such, Examiner is interpreting the "third" limitation in claim 22 as referring to a third of the fluid that flows through the aperture.

Claim Rejections - 35 USC § 102/103

2. The 35 U.S.C. §§ 102 and 103 rejections as set forth in the previous Office action have been **withdrawn** in view of the amendment and convincing arguments submitted by Applicant on November 4, 2003.

Allowable Subject Matter

3. Claims 21-27 are allowed over the prior art of record.

4. The following is an examiner's statement of reasons for allowance:

Regarding claim 21, the specific electrode which comprises a sheet of an electrosorptive medium is secured to a conductive layer at contact locations comprising a surface area less than a toral surface area of said sheet that is otherwise in contact with the support member was not taught or suggested by the prior art of record.

Additionally, the reasons for allowance as set forth by Applicant in the paper submitted November 4, 2003 is further deemed sufficient and is incorporated herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
